WHO WE ARE

Family Services of The Next Doo supports and strengthens families with young children in Wasco, Hood River, Sherman, Gilliam, and Wheeler counties. We work with parents and children to build skills for healthy and loving relationships.

HOW WE HELP

4 Rivers Healthy Families Oregon: A nationally accredited Healthy Families Oregon program, we provide weekly in-home support to eligible families who choose to participate. Our caring, knowledgeable Family Support Specialists promote close bonding, provide information on baby care and fun family activities, and teach positive parenting skills. They help parents create nurturing, stable, loving homes for their children. This is a free service starting prenatally or soon after birth, and is offered for three years. There are no income requirements, and we offer all services in English and Spanish.

Dolly Parton's Imagination Library partners with our regional Four Rivers Early Learning Hub to sponsor this wonderful early literacy resource for the community. Any parent can register their child at birth to receive age appropriate books mailed monthly from birth to age 5.

STRENGTHENING Families AND Improving COMMUNITIES

Children In Between: In this 2 hour class, Moms and Dads who are navigating divorce or separation will learn healthy new ways to deal with the most common and stressful situations that cause children to have loyalty conflicts. Learn to reduce stress, problem-solve ways to deal with feelings, & communicate more effectively. Offered monthly in Hood River and The Dalles, in English and Spanish.

Welcome Baby Packets: We provide a Welcome Baby Packet to all parents who are expecting or have a newborn. Packets include useful information for parents of newborns, lots of local resources, and a gift for baby.

Clothing Closet in The Dalles is open to families who would like to give or take gently used baby clothing, toys, and baby equipment.
